

A QUANTA SERVICES COMPANY

# ENVIRONMENTAL PROTECTION & AWARENESS POLICY

Nacap strives for excellence in environmental protection and awareness.

TO ACHIEVE THIS, WE WILL:

<b>MAINTAIN</b>	an Environmental Management system that meets the requirements of ISO 14001.
<b>COMPLY</b>	with all applicable environmental laws, client requirements and relevant codes of practice.
<b>COMMUNICATE</b>	our environmental protection and awareness policy and procedures to all workers, contractors and interested parties.
<b>EDUCATE</b>	and train our workers and contractors to improve awareness, skills, and performance.
<b>SEEK</b>	commitment of all workers and contractors to sustainable environmental practices.
<b>PREVENT</b>	disturbance to known sites of First Nations, archaeological or historical significance.
<b>LIMIT</b>	disturbance of soil, vegetation, and wildlife habitats to designated work areas.
<b>ESTABLISH</b>	measurable environmental performance targets and seek to continually improve performance.
<b>APPLY</b>	all practicable steps to prevent pollution and other adverse effects from our operations.
<b>MONITOR</b>	operational environmental performance and promote reporting of environmental hazards, behaviours, and incidents.
<b>CONTINUALLY</b>	review the environmental management system to enhance environmental performance and implement improvements to the environmental management system.
